

# CLARION WIRELESS SETUP GUIDE

## Mac OS X

If you encounter any issues with accessing the Clarion wireless network, then please contact the Computing Services Help Desk at 814-393-2640 or techsupport@pennwest.edu.

1. Click the Wi-Fi icon on the status menu.
2. Select the “cu-wifi-secure” network.

3. Enter your login information.
  - a. “Username” – enter your PennWest username (include @pennwest.edu)
  - b. “Password” – enter your PennWest password.
  - c. Click “Join”.

4. Click “Continue” when presented with the “Verify Certificate” dialog. This certificate can safely be accepted and all subsequent connections will automatically connect without displaying a message.

5. You may see the dialog to the right after accepting the certificate. Enter your password and click “Update Settings”.
6. Your wireless connection is now complete.
