

Instructions for Registering Your Device on the Edinboro Campus Wireless Network

Step 1: Select EU-GUEST from available networks

- If you are not automatically redirected, open a web browser and the following page should appear, if the page does not appear type in www.pennwest.edu in the browser window to be redirected to this page.

Step 2: Click Self Register Device

The image shows a web page for Edinboro University Wi-Fi. At the top, it says "Edinboro University" in a large, dark font, with "Wi-Fi" in a smaller, red font below it. The background is a light blue with a faint image of a building. The page contains several sections of text and form fields. The first section says "If you have already created a Guest account log in below". The second section says "To create an account for Guest Wireless access, please click here [Create Account](#)". The third section says "To register your Residence Hall wireless devices (Game devices, Streaming Media devices, Printers, SmartTV,etc)click here: [Self Register Device](#)". A blue arrow points to the "Self Register Device" link. Below this are two text input fields labeled "Username:" and "Password:". Below the password field is a "Terms:" section with a checkbox and the text "I accept the [terms of use](#)". At the bottom of the form is a "Log In" button. At the very bottom of the page, there is a line of text: "Contact The Technology Help Center if you are experiencing difficulty logging in. 814-732-2111".
