b. Graduate Students
c. Honors Program Students
d. Student Athletes
e. Student populations where priority registration is required through contract agreement with the University or legislation

The Pennsylvania Department of Education affirms that Act 46 of 2014 requires public higher education institutions in Pennsylvania to provide veteran students, as defined in the Act, with preference in course scheduling. Non-compliance may be reported to the Pennsylvania Department of Education by submitting the Higher Education Student Complaint form found at www.education.state.pa.us.

D. Procedure(s)

Other student groups or cohorts seeking priority registration status must have the program advisor or administrator submit a request to the Office of Academic Affairs containing the following information:

1. Group or cohort designation
2. Reason for request
3. Evidence of need for priority registration

Eligibility for priority registration will require that:

1. Participation or membership in the student group is clearly defined; and
2. The group exhibits evidence that priority registration will have a positive impact on academic progress and help alleviate scheduling difficulties inherent in membership in the student group.

The Senior Vice President for Academic Affairs and Provost will review requests from groups seeking priority registration and such requests must be received by the Office of the Provost by September 15 to be considered for priority registration for the next academic year.

The Senior Vice President for Academic Affairs and Provost will notify the Registrar of newly approved student groups for priority registration. The Registrar will then notify the appropriate
department or program administrator to provide a list of students eligible for priority registration a minimum of one month prior to the start of the next term’s registration period. Documented student members will be eligible to register during the designated priority registration period.
