This policy applies to individuals who are not affiliated with PennWest University of Pennsylvania and addresses conduct of individuals on all property owned or controlled by the University.

The objective of this policy is to ensure a productive, safe and secure environment for all members of the University community. The University retains the right to restrict access to any non-affiliated individual(s) who violates University policy, local ordinance, or public law, including gaining entry through surreptitious means or by breaking and entering; presents a threat or danger to University property, self, or any member of the University community; engages in conduct that disrupts of the University’s educational, working, and living environment.

### C. Policy

The University understands that, as a public institution of higher education, parts of its campus are open to the general public. The University, however, endeavors to provide and maintain productive, safe, and secure educational, working, and living environments for all members of the University community.

As a condition to access University property, members of the general public assume an obligation to conduct themselves in a manner compatible with University policies, local ordinances and public laws. A Non-Affiliated Individual may be issued a No Trespass Order excluding the individual from University property if the individual engages in conduct that:

1. violates a local ordinance, a public law or a University policy;
2. threatens
   a. harm to any member of the University community or themselves or
   b. damage to University property;
3. unreasonably disrupts or interferes with the educational, working, and living environment of the University; or
4. gains entry through surreptitious means or breaking and entering.

The following areas are not open to the Non-Affiliated Individuals, other than Invited Guests, without permission from authorized University personnel:

1. academic/research classrooms and laboratories;
2. University facilities restricted to use by faculty, staff, and students in connection with academic activities or residential living; and
3. University buildings or separate designated building areas used for student residential living.

Any Non-Affiliated Individual who is not authorized to be in any of the aforementioned areas may be issued a Warning, a No Trespass Order, or be subject to arrest for unlawful trespass. Restricted areas of the University will be posted accordingly. Similarly, authorized University personnel may provide actual notice of a restriction through direct communication with an individual entering or remaining in an area or building not generally open to the public in lieu of such postings. While a great deal of campus remains open to the public, the University retains the right to restrict access to property owned or controlled by the University if a person engages in the conduct listed above.

**Warning – Purpose and Authority to Issue**

A warning may be issued to a Non-Affiliated Individual as a notice of a possible violation(s) of University policies, local ordinances, or public law. This warning may be issued by any sworn member of the PennWest University Police Department or the PennWest University Dean of Students and will note the possible consequences of any future violations.

1 Possession of a ticket for ticketed events constitutes permission associated with that specific event.
A warning issued to a Non-Affiliated Individual must be issued based on sufficient facts establishing the violation along with any other pertinent information related to the violation. Warnings may be verbal or written. A copy of any written warning will be issued to the individual along with any other applicable documentation. Verbal warnings that are issued to Non-Affiliated Individuals may be used as factual support in the event a No Trespass Order needs to be issued in the future based on a pattern of misconduct. Non-Affiliated Individuals may be expelled from University property for a period of no more than twenty-four hours without issuing a written No Trespass Order.

Warnings may be stand-alone temporary restrictions and are not a prerequisite to the issuance of a formal No Trespass Order.

**No Trespass Order – Purpose and Authority to Issue**

A No Trespass Order may be issued when a Non-Affiliated Individual violates this policy. No Trespass Orders may be issued by any sworn member of the PennWest University Police Department or the PennWest University Dean of Students. No Trespass Orders may be issued for the entire campus or a specified area, building, or facility on property owned or controlled by the University. No Trespass Orders will be issued for a specified period of time.

**Documentation and Communication**

All warnings (oral or written) as well as any No Trespass Orders issued under this policy must be documented in writing. Such documentation must be preserved by the issuing department and communicated to both the Chief of Police and the Dean of Students and their respective designees. Additionally, any newly issued warnings or No Trespass Orders shall be communicated during any shift changes or transfers of on-call duties so that responsible parties are aware of any new developments.

The granting of temporary permission to an individual to return to campus for a specific reason must be approved by either the Chief of Police or the Dean of Students and/or their respective designees.

**Authority**

As defined in Act 188, **Section 20-2009-A(a)(4), Powers and Duties of Councils of Trustees**, and **Section 20-2010-A(5), Power and Duties of Institution Presidents**, entrust the power and duty, “To review and approve the recommendations of the president pertaining to policies and procedures governing the use of institutional facilities and property;” and, “To establish policy and procedures governing the use of institutional facilities and property in accordance with guidelines established by the local council,” respectively.
